(*) Si precisa che anche per i telefoni indicati nella lista alcune funzionalità delle differenti versioni N-COM potrebbero non essere utilizzabili, a causa delle continue evoluzioni dei software installati sui telefoni stessi
 (*) It is specified that some of the functions of the various N-COM versions may not be available even with the telephones shown in the list due to the continuous developments in the software installed on the telephones themselves

NOTE GENERALI NOTES

A CAUSA DELLA VARIABILITÀ DEL SEGNALE DI RETE SI POTREBBERO VERIFICARE DELLE INTERFERENZE NEI COLLEGAMENTI A FILO CHE NON DIPENDONO DAL SISTEMA N-COM O DAL CAVETTO UTILIZZATO IN CASE OF A WEAK NETWORK SIGNAL, SOME INTERFERENCE MAY OCCUR WHICH IS NOT CAUSED BY THE N-COM SYSTEM OR THE WIRE CONNECTION

NOTE SPECIFICHE NOTES

- Alcuni modelli producono un fischietto solo nel casco del passeggero quando si è in collegamento interfono
 Using intercom wires with certain types of mobile phone can create an electronic noise inside the "slave" or second helmet only
- Alcuni modelli potrebbero non far sentire la suoneria all'interno del casco, occorre quindi attivare la vibrazione. I modelli più obsoleti possono avere ritorno della propria voce ed eco per l'interlocutore.
 Alcuni modelli, premendo a lungo per lanciare la chiamata vocale, visualizzano l'ultimo numero. Successivamente, premendo nuovamente, fanno partire la chiamata.
 Per alcuni modelli il riaggancio della telefonata corrisponde alla funzione "riattiva microfoni" che si fa agendo sul tasto "*" (atza volume) a lungo.
 Joissain puhelinmalleissa hälytysääni ei tule kypärään. Tällöin puhelin on syytä laittaa värinähälytykselle
 Vanhoissa malleissa saattaa esiintyä kukaan kypärän sisällä
 Joissain puhelinmalleissa saadaan vimeksi valittu numero käyttöön painamalla "soita" nappia. Puhelu kytketään painamalla nappia uudestaan.
